Dear J. Strickland:

Your name has been referred to me through various sources. I am interested in gaining more information on the parents of one Eli Frost. Eli was born in 1819 on November 6th, married to Martha Jane, and was a doctor.

It is my hope that you have access to more information on a Joseph/Joseph M. and Mary who could be his parents. I came to that supposition by the data on the 1845 Wayne County, Mississippi Census.

Enclosed you will find \$2.00 for printing costs. If research money is needed, or you need more information, please contact me at (801) 968-3772. Also, if the rumors are true that you have written a book on the early settlers of Wayne County, please let me know where or how I could obtain a copy. It would be invaluable in my search for my predecessors.

I have also included a self addressed envelope for you to send what you find. Thank you for your promptness. Hope you have a great time over the Holidays.

Sincerely,

Greta B. Davis

Dear Pat,

I am so sorry to be so long in answering your letter. It came while I was back home (Wilmington, Del.) I went up the 1st of June and did not return until the 1st of August. I went up to visit my children and to give up my apartment there as I plan to be in Fla. the year round. I was renting an apt. at the Glennes Lane address but have moved to a little house that a cousin of mine bought for her retirement. I will live in it until she retires next year in July.

I only have the same information as you do on the cards you sent. I took it from the same census that you had apparently.

I have been trying so hard to trace the Frost and the Fultons. My great grand mother was Ellen Frost and was married to Hiram Fulton. Their daughter Elizabeth Fulton Born 4/12/1836, Died 9/3/1908 was married to my grandfather Nicholas Randall Jones.

I have enclosed a list of some little bits of info. that I have gathered along my travels. I hope to go to Texas next year sometimes and try to track the Frost family that went there.

I will be interested in any new information that you gather along the way and if I find any more I will surely sent it along to you.

I have a very good friend who lives in Lodi, Calif. I visited her when she lived in Concord, about 1975.

Hope to hear from you again and hope that you can use some of the info. enclosed.

Sincerely,

Florence J. Williamson

Pinkney Frost

Jane Frost Nichols
Born 1859 Died 1872

Jane Fletcher Frost
Born 1819 Died 1901

Alice Frost Hollingsworth (mother was Martha J. Frost
Born April 21, 1861 Born Mar. 1822 Died 1901
Died Oct. 28, 1927

I found in the North and South Carolina census
several Frost families, this was in the 1830 census.

In a Roberson, Texas marriage listing there was -
J.M. Frost married M.M. Taylor - Oct. 3, 1870
G.F. Frost married N.C. Taylor - Feb 8, 1871

I found in the marriage records in Clarke Co. Miss.
the following marriages.

Z.R. Hollingsworth married Alice Frost, Feb. 12, 1881
W. J. Nichols married Jane Frost April 12, 1881 was
witnessed by W.F. Frost

I have a document that is a copy (and very hard to
read) from the State of Texas, county of Roberson and
was dated 1892. It apparently was giving N.R. Jones
(my grandfather) power of attorney to sell some
property in Miss. for Ellen Fulton (maiden name
Frost, my great grandmother). The others signing the
document was James M. Frost, G.P. Frost and John
Frost. I think that John Frost was Ellen's brother
and that James and G.P. were his son's. As you see
the marriages ^{above} found in Roberson Co., Texas. I have
not checked in Texas Court Houses for further info.
Hope to do that maybe next year.

Mr. and Mrs. Ben Strickland
P.O. Box 5147
Moss Point, Mississippi 34563

Dear Mr. and Mrs. Strickland,

Recently I discovered your work on ^{Wayne County in} the state census records for Mississippi in the DAR Library of Washington, D.C. These records were especially interesting to me since I am not very successful in researching my Frost ancestors who lived in Wayne and Clarke Counties, Ms. from as early as 1816 (Mississippi Territory) to after 1850. Enclosed is a family chart for JOSEPH FROST with most of the data which I know about him.

I am a descendant of Joseph's son EDWARD ELI FROST who moved from Ms. with his family to Polk County, Ga. and then Cherokee Co., Al. (a move of only a few miles-the state boundaries changed) by 1850. It is believed that JOSEPH moved to Alabama with Edward Eli.

The Frosts are closely related to the MARTIN FAMILY. Joseph's wife was Mary Martin. They were married in Wilkes Co., Ga. about 1816. Edward Eli Frost married Martha Jane Martin in Wayne or Clarke County, Ms.

Questions: Do you do genealogical research for others and if so what is your fee? Or, could you direct me to sources which might contain data on my ancestors? Lowry and McCardle, A HISTORY OF MISSISSIPPI, p. 482,603 indicate that a Joseph Frost represented Wayne County in the Mississippi State Legislature 1838-39. Would there be family data in the Mississippi Archives on this Joseph Frost?

I do not wish to burden you with more data or questions until I have had a chance to hear from you. To facilitate a response I have enclosed a self-address stamped envelope. I will appreciate hearing from you.

Sincerely,

Margaret J. Phillips

10 1987

Dear Mrs Strickland

Thank you for the information you sent me on JOSEPH FROST of Wayne County, Ms. It proved to be very valuable. I wrote to the Mississippi State Archives and obtained a copy of "The Mississippian" which contained a list of the Mississippi representatives in chart giving the name, county represented and nearest post office (Miltonsville), age. Political affiliation (Anti-bond Democrat) and place of birth. The date was February 25, 1842. The name was listed Joseph and the age is correct for my great, great, great grandfather. It has been generally assumed that he was born in Virginia. Now I have the documented evidence. Is this absolute proof that the name is Joseph not John? I am puzzled over just who John Aaron Frost is. Joseph and Mary Martin Frost used Martin as the middle names for both of their two sons: John and Joseph. Later generations also used Martin. Apparently in several early generations Frosts and Martins intermarried. Joseph married MARY MARTIN; JOSEPH's son Edward Eli married Martha Jane Martin. Do you know anyone working on the Martin Family in Wayne County? Do you have access to Ancestor Charts on Eleanor Frost Fulton whose daughter Elizabeth married Nicholas Randal Jones in 1853? Also would you mind sending me a copy of the publications you have available for purchase. I have somehow misplaced the copy you sent me earlier. I wonder what might have happened to cause my ancestors to leave Wayne County between the late 1840's and 1860. Joseph's son Edward Eli moved to Floyd County, Georgia and is reported there on the 1850 census. Others moved to Texas. Edward Eli Frost graduated from the first medical class which the Atlanta College of Physicians and Surgeons (now Emory University) had. A nephew of Dr. Eli Frost is listed as a physician on the 1860 census for Wayne County, Dr. John Frost. I wonder where his medical training was?

I do appreciate your busy schedule since I am a full time teacher and have already published one book on THE WATFORD FAMILY (1014 pages). If there is any research I can do for you in this area please let me know. I find your books at the DAR Library and I sure that they are also in the Library of Congress. There are ever so many people researching the FROST FAMILY. We have difficulty making the linkage earlier than about 1750. In general, my group moved into Tennessee having travelled the Shenandoah Valley or probably the Great Wagon Route through Virginia.
